apnoea during upper respiratory infection, and metabolic alkalosis, in infancy, **1056**
in infants with congenital stridor: short report, **1125**
obstructive, and 'near miss' sudden infant death: short report, **1039**
electroencephalography in growth disorders, **754**
Small bowel biopsy: correspondence, **417**
Small for dates babies, are they really a problem, **877**
Sodium intake
hidden sources, ill newborns: short report, **695**
3 to 5 year olds, **159**
Somatomedin
C deficiency, in Asian sisters: short report, **1233**
responses to growth hormone, in Down's syndrome, **48**
Sonographic finding, bright thalamus, **1096**
Sound localisation, immature, and abnormal development, **858**
South West Thames region, extremely low birthweight, impact of neonatal care: correspondence, **96**
Spasms, infantile
adrenocortical hyporesponsiveness after ACTH treatment, **750**
disturbed calcium and phosphate homeostasis during treatment with ACTH, **671**
Special schools of London. *Archives of Disease in Childhood*, 1926, *1*, commentary by N Gordon, **949**
Spermatic cord torsion: annotation, **426**
Sphincters, urinary, artificial: annotation, **1**
Spinal bracing, effects on respiratory function in neuromuscular disease, **178**
Splenectomy, in thrombocytopenic purpura: short report, **192**
'Sport-tester', device for monitoring free running test for bronchoconstriction: short report, **912**
Statistics, perinatal, commentary on current World Health Organisation definitions used: current topic, **708**
Stenosis, subglottic, management, experience from two centres, **686**
Steroid responsive nephrotic syndrome in Asians: correspondence, **528**
Steroids, prenatal, and neonatal thyroid function, **589**
Stool water, in preterm neonates: short report, **1136**
Stridor, congenital, and sleep apnoea, infants: short report, **1125**
Subglottic stenosis, management, experience from two centres, **686**
Subhyaloid and retinal haemorrhages, spontaneous: short report, **1130**
Suction
biopsy, in Hirschsprung's disease: short report, **83**
techniques, endotracheal, in neonate: correspondence, **114**
tracheobronchial, effect on respiratory resistance in intubated preterm babies, **1178**
Sudden infant death syndrome
follow up with parents: correspondence, **418**
'near miss', and obstructive apnoea: short report, **1039**
QT interval measurements before, **327**
Sugar
free medicines, use: annotation, **216**
intolerance, complicating acute gastroenteritis: correspondence, **716**
taste mechanisms annotation, **1153**
Sweat test, for cystic fibrosis: annotation, **1041**
Sweetness and taste mechanisms: annotation, **1153**
Synchrony, or active expiration: correspondence, **820**
Syphilis, early congenital: correspondence, **417**
Systemic lupus erythematosus, respiratory tract disease, **478**
Tachyarrhythmias, supraventricular, intrauterine, and transplacental digitalisation, **996**
Tachypnoea and increased blood viscosity, in infants of diabetic mothers: short report, **910**
Testicular radiation for acute lymphoblastic leukaemia, gonadal function after, **53**: correspondence, **621**
Tests and scales, developmental: annotation, **213**
Tetracycline versus erythromycin for treatment of Mediterranean spotted fever, **1027**
Thalamus, bright, sonographic finding, **1096**
Theophylline
in asthma, current state: annotation, **1046**
slow release, in preschool asthma, **1024**
Thiopentone induced coma, after severe birth asphyxia, **1084**
Thrombocytopenic purpura, splenectomy in: short report, **192**
Thrombopoietic activity, preterm newborns and infants, **585**
Thrombotest values, vitamin K, full term infants, **349**
Thromboxane, fetal and neonatal, in relation to mode of delivery, **766**
Thyroid function, neonatal, prematurity, prenatal steroids, and respiratory distress syndrome, **589**
